

Introduction

STERLING WEALTH MANAGEMENT, LLC (“SWM”) is an Investment Adviser registered with the Securities and Exchange Commission (“SEC”). We feel it is important to for you to understand how advisory and brokerage services and fees differ in order to determine which type of account or service is right for you.

There are free and simple tools available to research firms and financial professionals at www.investor.gov/crs, which also provides educational materials about investment advisers, broker-dealers, and investing.

What investment services and advice can you provide me?

As an investment adviser, SWM offers investment advisory services to retail investors for an ongoing asset-based fee based on the value of your account and hourly fee. Our advisory services include investment management services and financial planning. If we are providing investment management services to you, we will provide continuous advice to a client regarding the investment of client funds based on the individual needs of the client. Through personal discussions in which goals and objectives based on a client's particular circumstances are established, we develop a client's personal investment policy or an investment plan with an asset allocation target and create and manage a portfolio based on that policy and allocation target. We will regularly monitor your investments on a quarterly basis, as part of our standard services. Please refer to Item 4 of our Form ADV Part 2A for further information. We manage accounts on a discretionary basis, which means we do not need to call you when buying or selling investments in your account. You will sign an investment management agreement and limited power of attorney giving us this authority. This agreement will remain in place until you or we terminate our relationship. Please refer to Item 16 of our Form ADV Part 2A for further information.

We do not limit our advice and services to proprietary products or a limited menu of products or investments.

Our minimum account size requirement is \$150,000, which may be waived at our discretion.

Questions to Ask Us:

- *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- *How will you choose investments to recommend to me?*
- *What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?*

What fees will I pay?

Fees and costs affect the value of your account over time and vary depending on certain factors and are negotiable. Please ask Elchanan Abramowitz to give you personalized information on the fees and costs you will pay. Fees for investment management services are payable quarterly in arrears and based on the account size for portfolios with a max fee of 1.00%. Our financial planning service is offered at an hourly rate of \$250.00, and due upon delivery of the financial plan. Please refer to Item 5 of our Form ADV Part 2A for further information. Our incentive is to increase the value of your account over time, which will increase our fees over time.

The broker-dealer (“custodian”) that holds your assets can charge you a transaction fee when we buy or sell an investment for you. These transaction fees are in addition to our advisory fee. You could also pay fees charged by the custodian for certain investments and maintaining your account. Some investments, such as mutual funds and exchange traded funds charge additional fees that will reduce the value of your investments over time.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. Please refer to Item 5 of our Form ADV Part 2A for further information.

Question to Ask Us:

- *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What are your legal obligations to me when acting as my investment adviser?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you.

How else does your firm make money and what conflicts of interest do you have?

SWM's revenue is from the advisory fees we collect from our clients' accounts each quarter. We have an incentive to increase the amount of investments we manage which could bias our advice towards investing more rather than paying off debt or recommending you not have investments that we do not manage.

Question to Ask Us:

- *How might your conflicts of interest affect me, and how will you address them?*

How do your financial professionals make money?

Elchanan Abramowitz is compensated through his ownership of the firm.

Do you or your financial professionals have legal or disciplinary history?

No, our firm and/or financial professionals do not have legal and/or disciplinary history. Visit www.investor.gov/crs for a free and simple search tool to research our firm and our financial professionals.

Questions to Ask Us:

- *As a financial professional, do you have any disciplinary history? For what type of conduct?*

Additional Information

You can find additional information about our investment advisory services on the SEC's website www.adviserinfo.sec.gov by searching CRD # 114270. You may also contact our firm at 718.677.6869 or elchanan@sterlingwm.com to request a current copy of our Form ADV Part 2 or up-to-date Form ADV Part 3 – this relationship summary.

Questions to Ask Us:

- *Who is my primary contact person?*
- *Is he or she a representative of an investment adviser or a broker-dealer?*
- *Who can I talk to if I have concerns about how this person is treating me?*
